### Target Industries

While we strive for a very diverse business base, the major focus is on five industry clusters:

- Manufacturing + Advanced Materials - resources available to help fund training for manufacturing employers.
- Wind Energy Production. Wind energy components manufacturing as well as the soon-to-be developed Flatrock Wind Farm in north Rush County with planned 45 turbines.
- Transportation and Logistics. Building on existing local trucking firm; expand opportunities for specialized trucking, warehousing and storing for refrigerated products and farm products.
- Agribusiness, Food Processing & Technology. Includes seed, crop, animal and dairy production, as well as food preparation and packaging.
- Business and Financial Services. Including companies involved in Portfolio management, Insurance, Public accounting, Engineering services, and Computer-related services.

Rush County is well positioned for growth; we have said no to sameness and sloppy planning, no to dissension among elected officials. We are **OPEN FOR BUSINESS!**
